

I listen to and support K-Love radio and feel strongly that the FM translators continue to function as they now do. K-Love keeps me informed of national and international news without the endless, meaningless dribble on the other radio stations. K-Love keeps me informed of opportunities to serve humanity at a national and international level. It is the only Christian radio station in my area that is family friendly and professional. I would be disconnected from the world at large without this station.
